CAREER OBJECTIVE

I am seeking an entry-level opportunity to apply my skills in Full Stack Development using JavaScript and Java. I adhere to **REST conventions** when developing **APIs** and strive to write **modular, reusable, optimized** and **clean readable** code.

EDUCATION

Bachelor of Technology, SRMCEM 2021 – present
Intermediate, Central Academy Barabanki 2020 – 2021

PROFESSIONAL EXPERIENCE

Full Stack Developer Intern, Edorbit 06/2024 – 12/2024 Remote
• Optimized Edorbit website, boosting performance and increasing user engagement by **10%**.
• Developed **CRUD** REST APIs for **classes, chapter, authentication**, and 3D objects; **RBAC**.
• Collaborated with team to brainstorm and create content tailored to the target audience.

Campus Internship, IBM 06/2023 – 08/2023 Onsite
Hands-on experience in cloud technologies and services of **IBM Watson, AppId, Cloudant, Text to Speech, Speech to Text**. Collaborated with team members for integration in web service.

PROJECTS

Ademy - The LMS, Techstack - ReactJs, Node.js, Express.js, MongoDB, ShadCN, Tailwind
A **full-stack** application users can **create, join, and study** courses, with **CRUD** for **courses, user and content**. [Link ↗]

Hangman, Techstack - ReactJs, Node.js, Express.js, MongoDB, ShadCN, Tailwind
A **responsive** Hangman game with **6-turn** challenges, user **authentication**, and secure **database** storage. [Link ↗]

AI Mock Interview Application, Techstack - ReactJs, Node.js, Express.js, MongoDB, ShadCN, Tailwind
AI-driven platform with interview questions, **video, speech recognition, audio** responses, and **feedback** [Link ↗]

Useful Side Projects, Tech Stack: Node.js, Google GEMINI API, CRON, Telegraf, NPM
• **Birthday Nodejs Bot Server**: Sends daily birthday reminders via Cron and MongoDB. [Link ↗]
• **100 Days Nodejs Bot Server**: Logs coding activities and posts updates. [Link ↗]

SKILLS

Languages: Java, JavaScript/TypeScript, MySQL.
Tools: Git/GitHub, Express.js, React, Next.js.

AWARDS

Finalist in national-level hackathon organized by IIIT Lucknow, HackOFiesta v5 03/2024
Secured 1st position in the 'WEB-TOBER' category of the hackathon, D'Coders Club 10/2022

CERTIFICATIONS

JavaScript Mastery From Basics to Advanced, Udemy ↗
Java Foundation Certification, Infosys Springboard ↗

EXTRACURRICULARS

- Hosted Codethon, Gantavya 2024 (Over 200+ participants).
- Coordinator, College Supplies Distribution Ceremony for underprivileged students.
